

7/16/2015 Chrome Display Fix – www.mlutheran.org

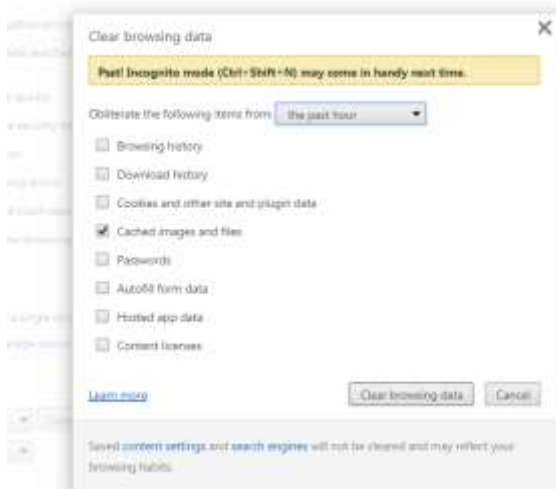

Under the Chrome Menu / Settings Icon

Drop down menu select More Tools – Clear browsing data...

Make sure Cached images and files are selected as shown below. You may deselect / select other items as you wish.

Press the Clear browsing data button.

Return to www.mlutheran.org and hit the refresh icon next to the URL search window. Page should reload properly! If you still have issues, even after closing, restarting your browser contact Meredith at communications@mlutheran.org.
